TRISH BERGIN
TOWN COUNCIL

► **Property Taxes Lets Hold The Line**

Town Hall must live within its means. I'm committed to keeping spending in check while maintaining the highest quality Town services. Let's dump all the wasteful "pet project" spending and focus on keeping taxes down.

► **Accountability of Officials**

It's time to get the political machine, regardless of the party, out of Town Hall and start focusing on the people's business.

► **Services I'm Here for You**

I'll seek out waste and improve efficiencies in the way services are provided, as there is always room for improvement.

► **Road Safety**

Instead of wasting money on frivolous headline grabbing initiatives, we will focus on putting your hard-earned money to work towards improving our infrastructure.

BERGIN - FLOTTERON
November 3rd

TRISH BERGIN
Knowledge, Dedication & Independent Leadership
